

Tony Stark

New York, USA | +1 (555) 987-6543 | tony.stark.ai@gmail.com | linkedin.com/in/tonystark-ai | tonystark-portfolio.com

Professional Summary

AI/ML Engineer with 5+ years of experience building scalable machine learning solutions, optimizing algorithms, and leading cross-functional teams to deliver innovative AI-driven products. Specialized in deep learning, natural language processing, and computer vision with a strong foundation in data engineering and model deployment.

Work Experience

Senior AI/ML Engineer – Google AI Division (Jan 2022 – Present)

- Improved search accuracy by 28% with advanced ML models, boosting user engagement.
- Developed real-time fraud detection system for Google Pay processing 500,000+ transactions/day.
- Built deep learning algorithms for Google Assistant, improving accuracy by 15%.
- Led a team of 6 engineers, reducing training pipeline costs by 20% using TFX.

Machine Learning Engineer – Tesla Autopilot Team (Jun 2019 – Dec 2021)

- Designed computer vision models for self-driving cars, improving object detection accuracy by 18%.
- Processed and labeled over 5TB of autonomous driving datasets.
- Deployed models on edge devices for low-latency real-time decision-making.

AI Research Intern – OpenAI (Jan 2018 – May 2019)

- Conducted NLP and generative model research, including GPT-based projects.
- Co-authored a zero-shot learning paper that won Best Research Paper Award at NeurIPS 2019.

Education

Bachelor of Science in Computer Science – Harvard University (2017) Specialization: Artificial Intelligence & Machine Learning | GPA: 3.95/4.0 Magna Cum Laude, Dean's List (4 years)

Key Skills

Programming: Python, R, C++, Java, SQL ML Frameworks: TensorFlow, PyTorch, Scikit-learn, Keras Deep Learning: CNNs, RNNs, LSTMs, GANs, Transformers Cloud & MLOps: AWS, Google Cloud, Docker, Kubernetes Data Engineering: Spark, Hadoop, Airflow Soft Skills: Leadership, Team Collaboration, Problem-Solving

Certifications

AWS Certified Machine Learning – Specialty (2023) TensorFlow Developer Certificate (2022) Deep Learning Specialization – Coursera (2021)

Achievements

NeurIPS 2019 Best Research Paper Award Patent Holder: AI-based fraud detection system (US Patent #US2024AI54321)
Kaggle Top 1% Contributor in machine learning competitions
